## Jerome® Hydrogen Sulfide Analyzers

- Regulatory Compliance & Permitting
- Nuisance Odor Monitoring
- Wastewater Treatment
- Landfill Management
- Scrubber / Biofilter Efficiency Monitoring (outlet)

Jerome® 651 Hydrogen Sulfide Monitoring System

## Jerome® 651

- Proven gold-film sensor technology
- Heavy duty, reliable & versatile
- Long-term, continuous monitoring
- Link multiple units to form a perimeter
- Detachable, hand-held unit
- Programmable alarms

**JEROME**<sup>®</sup>

Jerome® J605 Hand-Held Hydrogen Sulfide Analyzer

## Jerome® J605

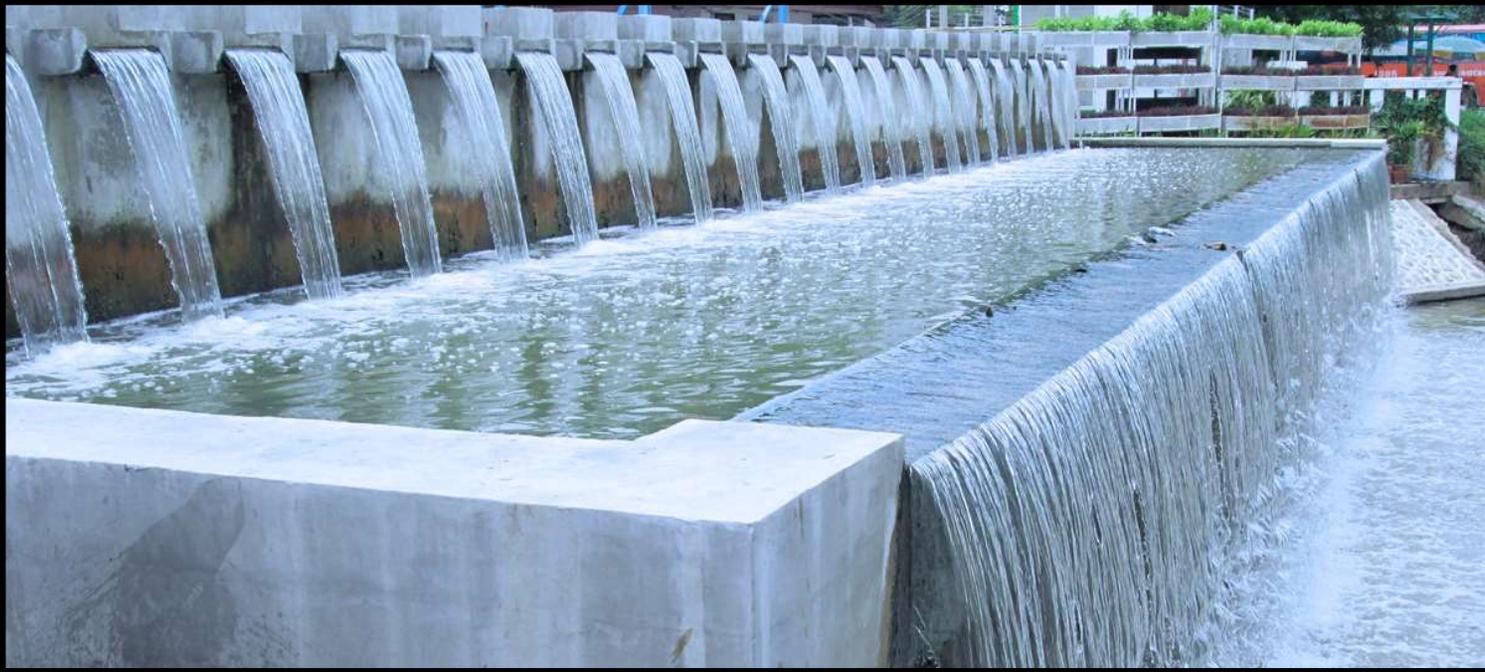

- Proven gold-film sensor technology
- Heavy duty, reliable & versatile
- Improved accuracy in single figure ppb region
- Light-weight for increased portability
- Automated sampling and field regeneration
- Ideal for extended use situations
